SYNC SCAN + PRIVATE SERVER CLIENT: PEDDIE SCHOOL

Founded in 1864, The Peddie School is a private, independent, coeducational boarding and day school for grades 9-12 and postgraduate located in Hightstown, N.J. The Peddie School is committed to the intellectual, social, and moral growth of each student. Peddie welcomes individuals with diverse talents and backgrounds whose excitement, curiosity, and character create an educational community where passion for learning grows.

PEDDIE

Problem

The Peddie School wanted a hands-free temperature screening solution plus check-in reports for students to use during the Covid-19 pandemic and beyond. The system needed to be secure with intuitive reports while being cost-effective and simple for students to use.

Solution

Sync City was able to provide the Sync Scan temperature kiosk solution + Sync Scan American Private Server software. This solution allows students to quickly check their temperature daily while school nurses can track and monitor results remotely. All data is stored locally on the school's private server.

Favorite Features

+ **Temperature Text Alerts**
+ **Bulk Photo Upload**
+ **Social Distance Temp Checks**
+ **Private Server Security**
+ **Dashboard Attendance Reports**

SYNC SCAN + CLOUD CLIENT:
Lions Gate Retirement Community

Lions Gate provides independent seniors with worry-free living in private cottages or spacious apartment homes, within a truly exclusive setting. Residents enjoy a full range of services and amenities, including maintenance-free living, multiple dining venues, an art studio, a library, a performance center, a fitness and aquatic center and so much more.

Problem

Lions Gate wanted a temperature screening solution and questionnaire for residents, employees, and visitors for use during the Covid-19 pandemic and beyond. The system needed to be easy to use and monitor while being cost-effective.

Solution

Sync City was able to provide the Sync Scan temperature kiosk solution + Sync Scan American cloud software as well as a QR Code based wellness questionnaire. This solution allows visitors and employees to answer a New Jersey Department of Health wellness questionnaire. Additionally, profile pictures can be remotely uploaded into the temperature scan kiosk's facial recognition database.
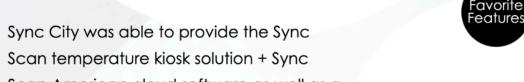

Quote

"I am extremely satisfied with Sync City. Sync Scan is very user friendly for our employees and residents. The Sync City Team was very helpful with implementation. I highly recommend this product."
-Susan Love
